SCS CERTIFICATION:

As a matter of corporate philosophy, Arcadia is committed to intelligent environmental policies and practices. Standard recycling procedures and ecologically sensible policies and practices have been implemented throughout all aspects of our operations/facilities, and as it relates to new product development and project management. Furthermore, we insist on a similar operational philosophy from our vendor-partners.

In accordance with our ongoing efforts to develop and manufacture products that positively contribute to healthy environments, Arcadia has completed testing for Indoor Air Quality certification across several product categories achieving SCS Indoor Advantage Gold (highest certification available for Indoor Air Quality) for the majority of guest, lounge and bench seating models and SCS Indoor Advantage certification for all executive seating models.

With either SCS Indoor Advantage Gold or SCS Indoor Advantage certification, we not only meet the criteria of BIFMA M-7.1 and X-7.1 (low-emitting office furniture systems and seating) but also the LEED-Commercial Interiors EQ 4.5 credit for Indoor Air Quality of office furniture.

Products achieving SCS certification will be noted with the SCS logo throughout this price list.
